Chapter Award  
of Excellence!**

Proud recipient  
of the 2016  
**Western Region  
IPMA-HR  
Outstanding  
Chapter Award!**

## 2017 Sponsorship Opportunities

The IPMA-HR Colorado Chapter is pleased to offer corporate membership opportunities for your company to connect with public sector HR professionals and the association. Corporate membership strategically places your company as a key supporter of the profession, gives your company opportunities to reach HR professionals and build awareness within the public sector, and more importantly, grow your business.

*Our goal is to reach out to all levels of public sector HR professionals and provide the most current, up-to-date information and networking opportunities to HR professionals.*

### Who Should Join?

Private-sector organizations that provide goods and services for government human resource management administration are encouraged to join the association as corporate members. The organization holds the membership with one employee serving as the primary contact. Dues are paid on a calendar year.

If you would like to become a sponsor, contact Geralyn Gorshing at 916.471.3373
